Please use this page to give us some feedback on how you think we can improve our school for all of our children. It would be helpful for us to know what year your child/ren are in.

What is something that you find really good or positive about our school?

What is something you would suggest we change or improve on that would make our school a better place for learning?

Any other suggestions?

Thank you for taking part in our survey, your input will help guide our Strategic Goals for next year and make improvements to our school for the benefit of our tamariki.
