

Proposal to change the times of the School Day for 2019

Reason:

- To become a more cohesive Year 1 to 13 school.
- To improve the effectiveness of staff professional learning time.

Proposal:

- To adjust the times of the school day so that all students start at 8.50am and finish at 3.00pm. (Buses would adjust accordingly).
- To finish at 3.00pm on a Friday.

Advantages:

- No noise issues at the end of the day for seniors still in classes, and juniors already released.
- All students leave together & buses don't have to wait around.
- No change to scheduled 'learning time' each day (stays exactly the same).
- Better use of Friday afternoons for 'learning time' for students.

Note:

Both Colville School & Taverners Buses have been consulted and are happy if these changes go ahead. The adjustment to pick up and drop off times would be communicated to parents in Term 4, to start in 2019.
